

Fall 2007 Falcon High School Football Player Policy

Grades:

Players will follow the Falcon High School Eligibility Policy as stated in the student handbook. Grade checks will be done during the third, sixth, and eighth weeks of the season. If a player has one F during a checked time, then they will not travel on a road game and will only be able to wear a jersey for home games. They will also have extra conditioning until the F's are raised. After all the F's are raised, then that player will be eligible to play in the following week's game.

Lettering Requirements:

In order to letter, a varsity player must play in 20 varsity quarters throughout the season. Unfortunate incidents such as injuries will be dealt with on an individual basis.

Absences

Unexcused

- First Offence will result in extra conditioning. Any player who has an unexcused absence during the week of a game will not start and playing time may be limited.
- Second Offence will result in a one week suspension from games.
- Third Offence will be an immediate removal from the team.

Excused

- Please notify Coach Catron through email, jcatron@d49.org, before the absence.
- An abundance of excused absences will result in a reduction of playing time. This will be at the coaches' discretion according to the instance.

The above absence policy will be in affect during October Break. In order to have a successful season we need 100% participation everyday. Players missing practice are seen as not being committed to the team.

Behavior

Any inappropriate behavior such as destruction of property, disrespect toward coaches and officials, or any other behavior that is deemed inappropriate will result in extra conditioning, a conference with the coach, and possible removal from the team. This will be at the discretion of the administration and coaching staff.

Communication/Information

Please check out our team website at www.falconfootballonline.com for week to week announcements, schedules, and coaches contact information. As a staff we would like the website to start being our main source of communication and information.
